Internships at A Noise Within

are intensive training opportunities where developing theatre artists can hone their skills. Past interns have held leading roles in subsequent A Noise Within productions and have gone on to work at such venues as: the Old Globe Theatre (San Diego), Mark Taper Forum, Ahmanson Theatre, Alabama Shakespeare Festival, Pasadena Playhouse, California Shakespeare Festival, Colorado Shakespeare Festival, Berkeley Repertory, San Jose Repertory, South Coast Repertory, American Conservatory Theatre and others!

A Noise Within presents critically acclaimed productions of the world's great classics — from Shakespeare to Moliere, Lorca to Chekhov, Williams, Hellman, Miller and others — seen by over 18,000 each year. Considered "one of the West Coast's finest," (*Daily Variety*) A Noise Within is one of only a handful of theatres on the entire continent which maintains a resident company performing in rotating repertory on a year-round basis. The company's resident & guest artists, directors and designers are celebrated and accomplished professionals in their own right, representing thousands of notable credits and training from some of the nation's most respected institutions. Whether you're already a professional, aspiring to become one or just exploring, training at A Noise Within will provide you with focused, personal attention from skilled, working professionals in a welcoming environment that focuses on developing the whole artist.
